**Mission Statement:**

Mission Statement

3TSports and our Partners in Achievement combine athletic ability and generosity to improve quality of life for those who need it most.

**PROJECT INFORMATION**

**Program / Project Title:**

Operation Freedom Forward

**PROJECT TIMELINE**

<b>Start Date</b>	<b>End Date</b>
01/01/2019	12/31/2019

**Program / Project Description:**

3TSports was going to partner with a large company in San Antonio to provide therapy bikes for special needs children of military families in the San Antonio area. There was a problem with the funding, and 3TSports has been left with applications from these families but not funding. The applications are absolutely heart wrenching but also heart warming. These therapy bikes are fairly expensive, and although the children with special needs (usually cerebral palsy) sometimes have use of the bikes at therapy sessions, they make much better mobility progress when they have their own bikes. I am making this request not as 3TSports, but as the person who has donated money to this organization and sees what a difference these bikes can make in a child's life. I would ask that the Gordon Hartman Foundation review some of the applications and also videos of some of the children who have received these bikes, (videos and applications can be provided.) The fact that these are military families also adds to the importance of this effort - they are families that have served our country.

**Evaluation Plan:**

3TSports will be running in 3 events (3 Iron Man competitions) in 2019. They raise money during these competitions, but the \$75k will be used to guarantee 15 therapy bikes. Any additional money donated during the races will cover 3TSports expenses and additional bikes.

**Plans to sustain project beyond the term of this request:**

There are no plans at this time, but 3TSports is always looking for opportunities to raise money for special needs children.
